

The Nelson Family 2008

Christmas Card

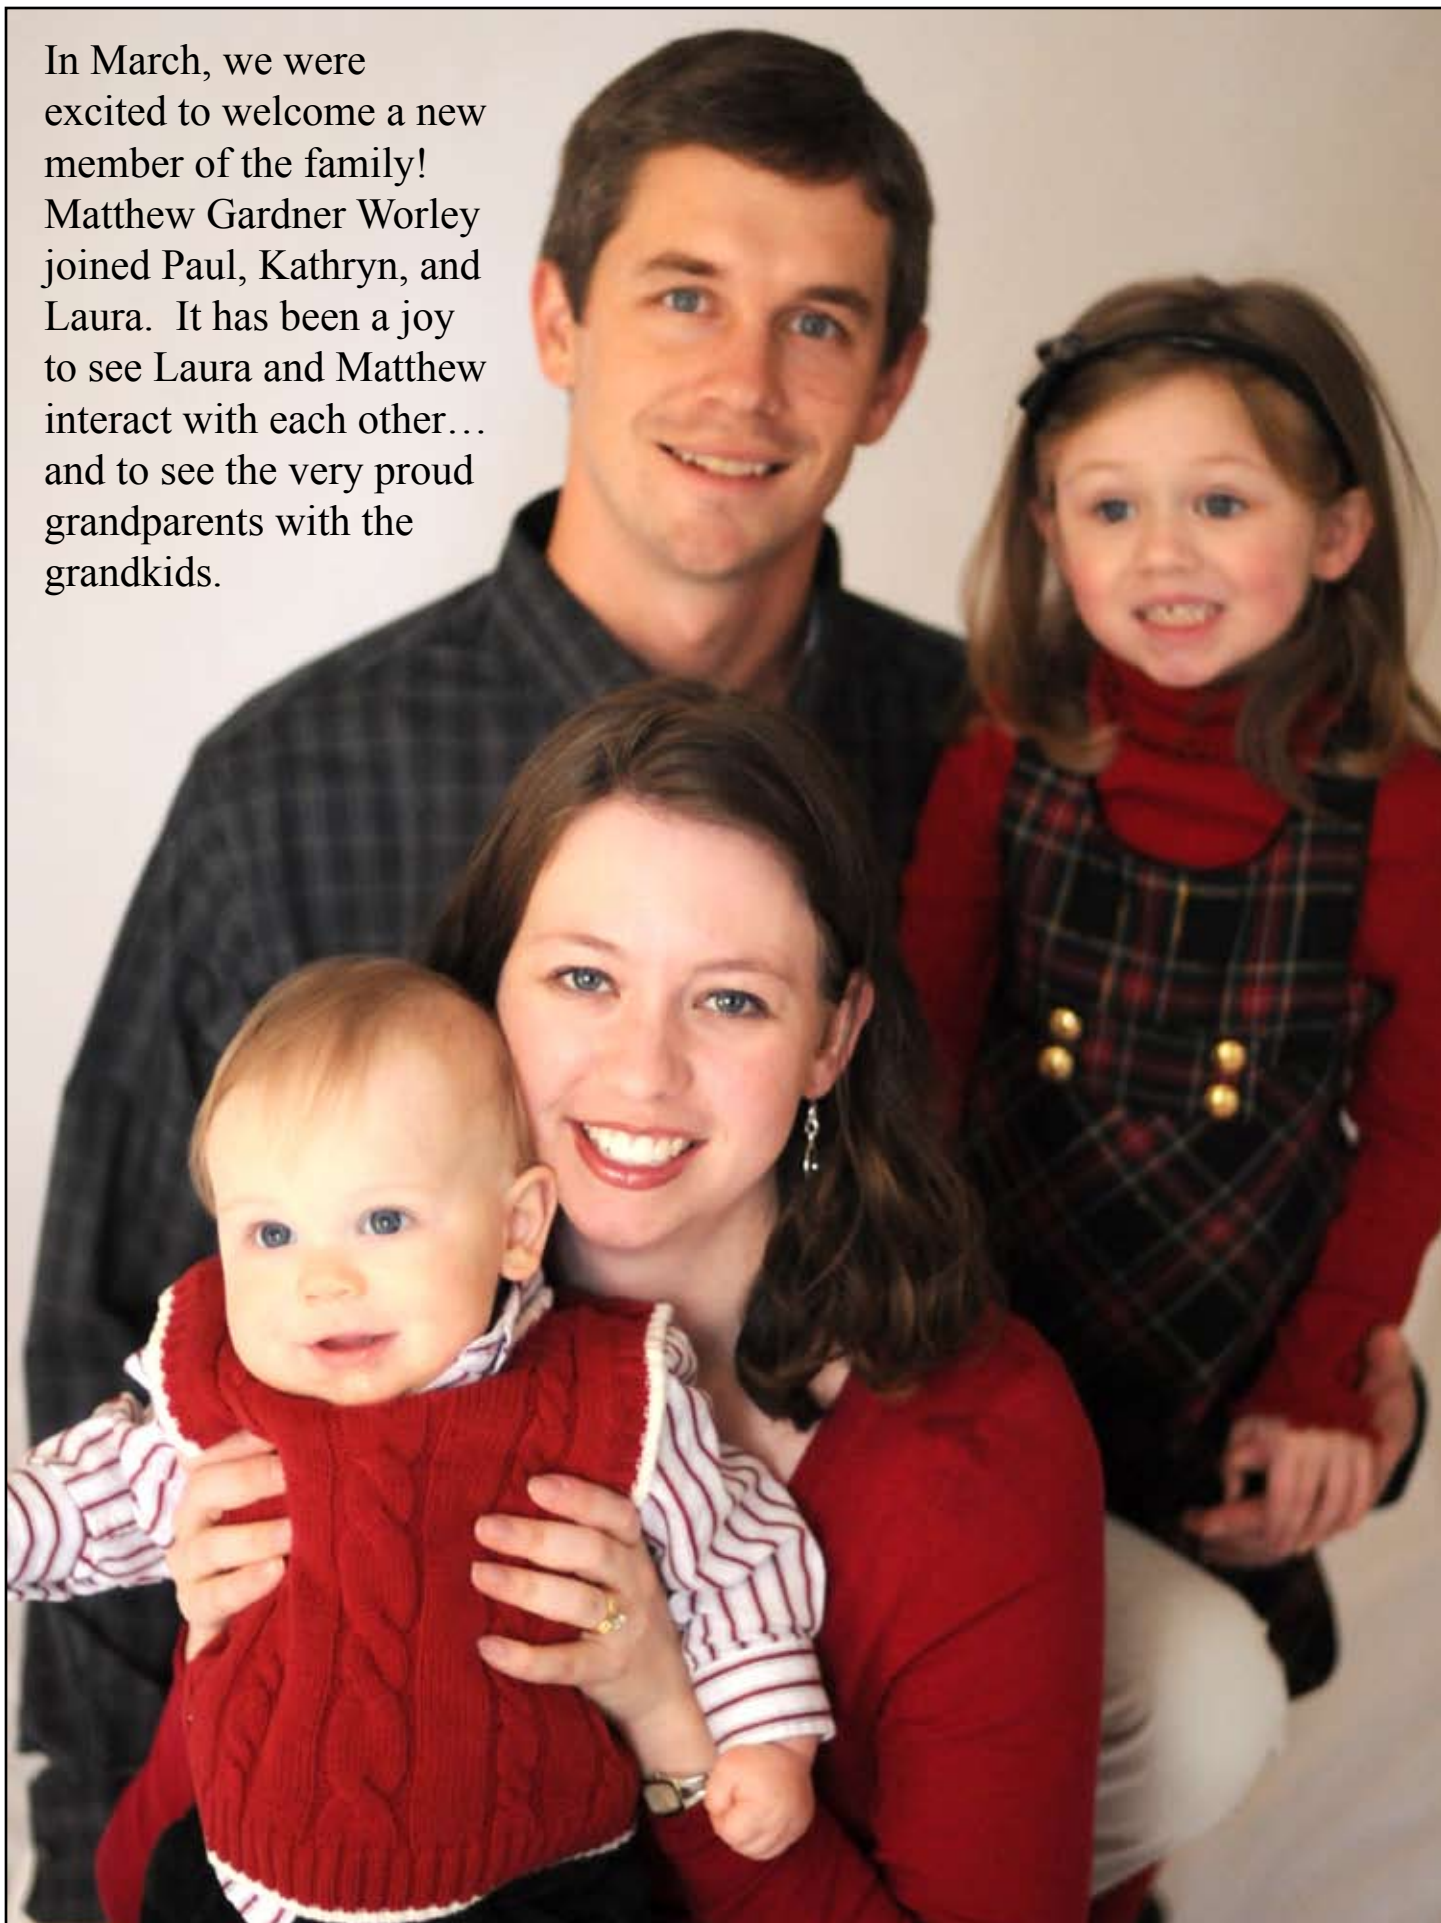

2008 has proven to be a great year for The Nelson Family. It was our first full year to be married. In May we bought our first house in Peachtree City, Georgia. We have enjoyed spending decorating it and making it our own.

In March, we were excited to welcome a new member of the family! Matthew Gardner Worley joined Paul, Kathryn, and Laura. It has been a joy to see Laura and Matthew interact with each other... and to see the very proud grandparents with the grandkids.

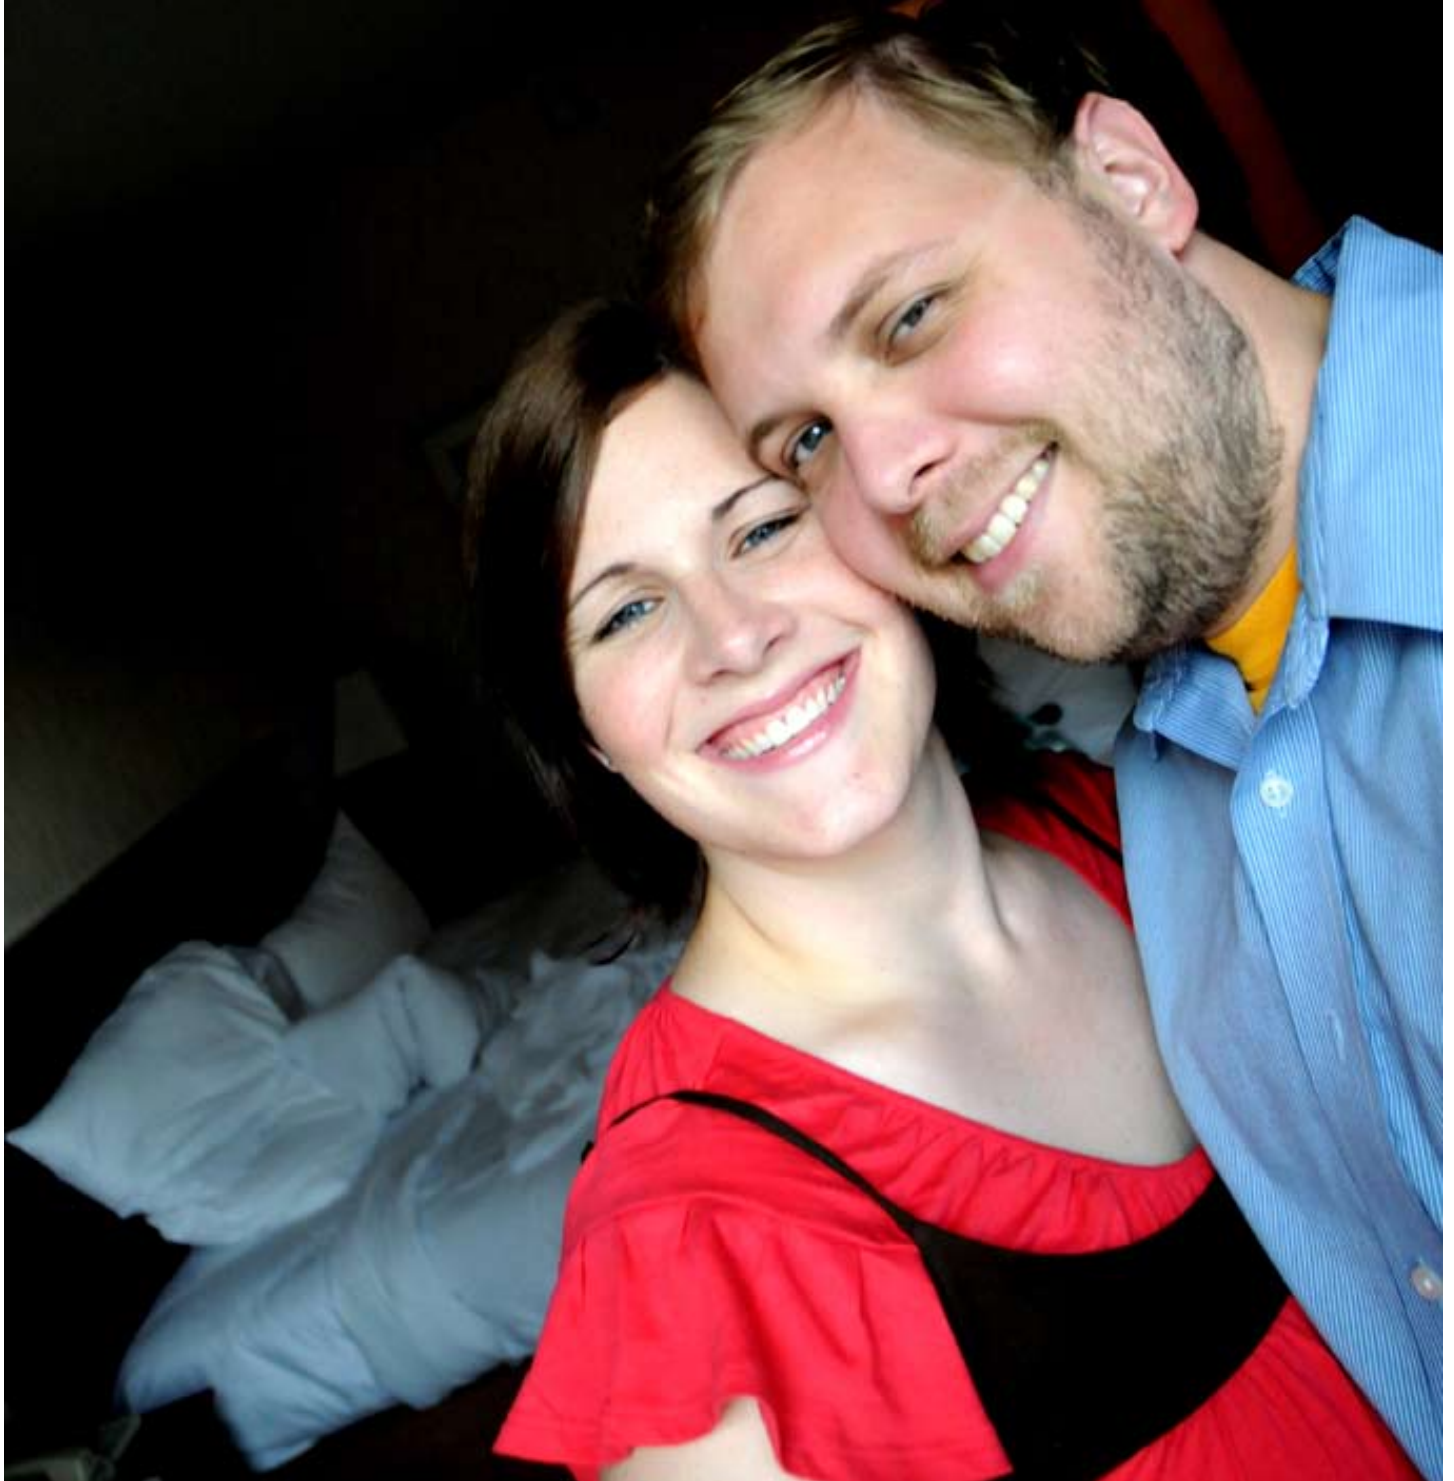

June was a fun filled month spent with family. We visited Mike's grandparents in Kansas. We also gathered together in Tennessee for a Peach family reunion. Finally, Amy's family came to Peachtree City to see where we live!

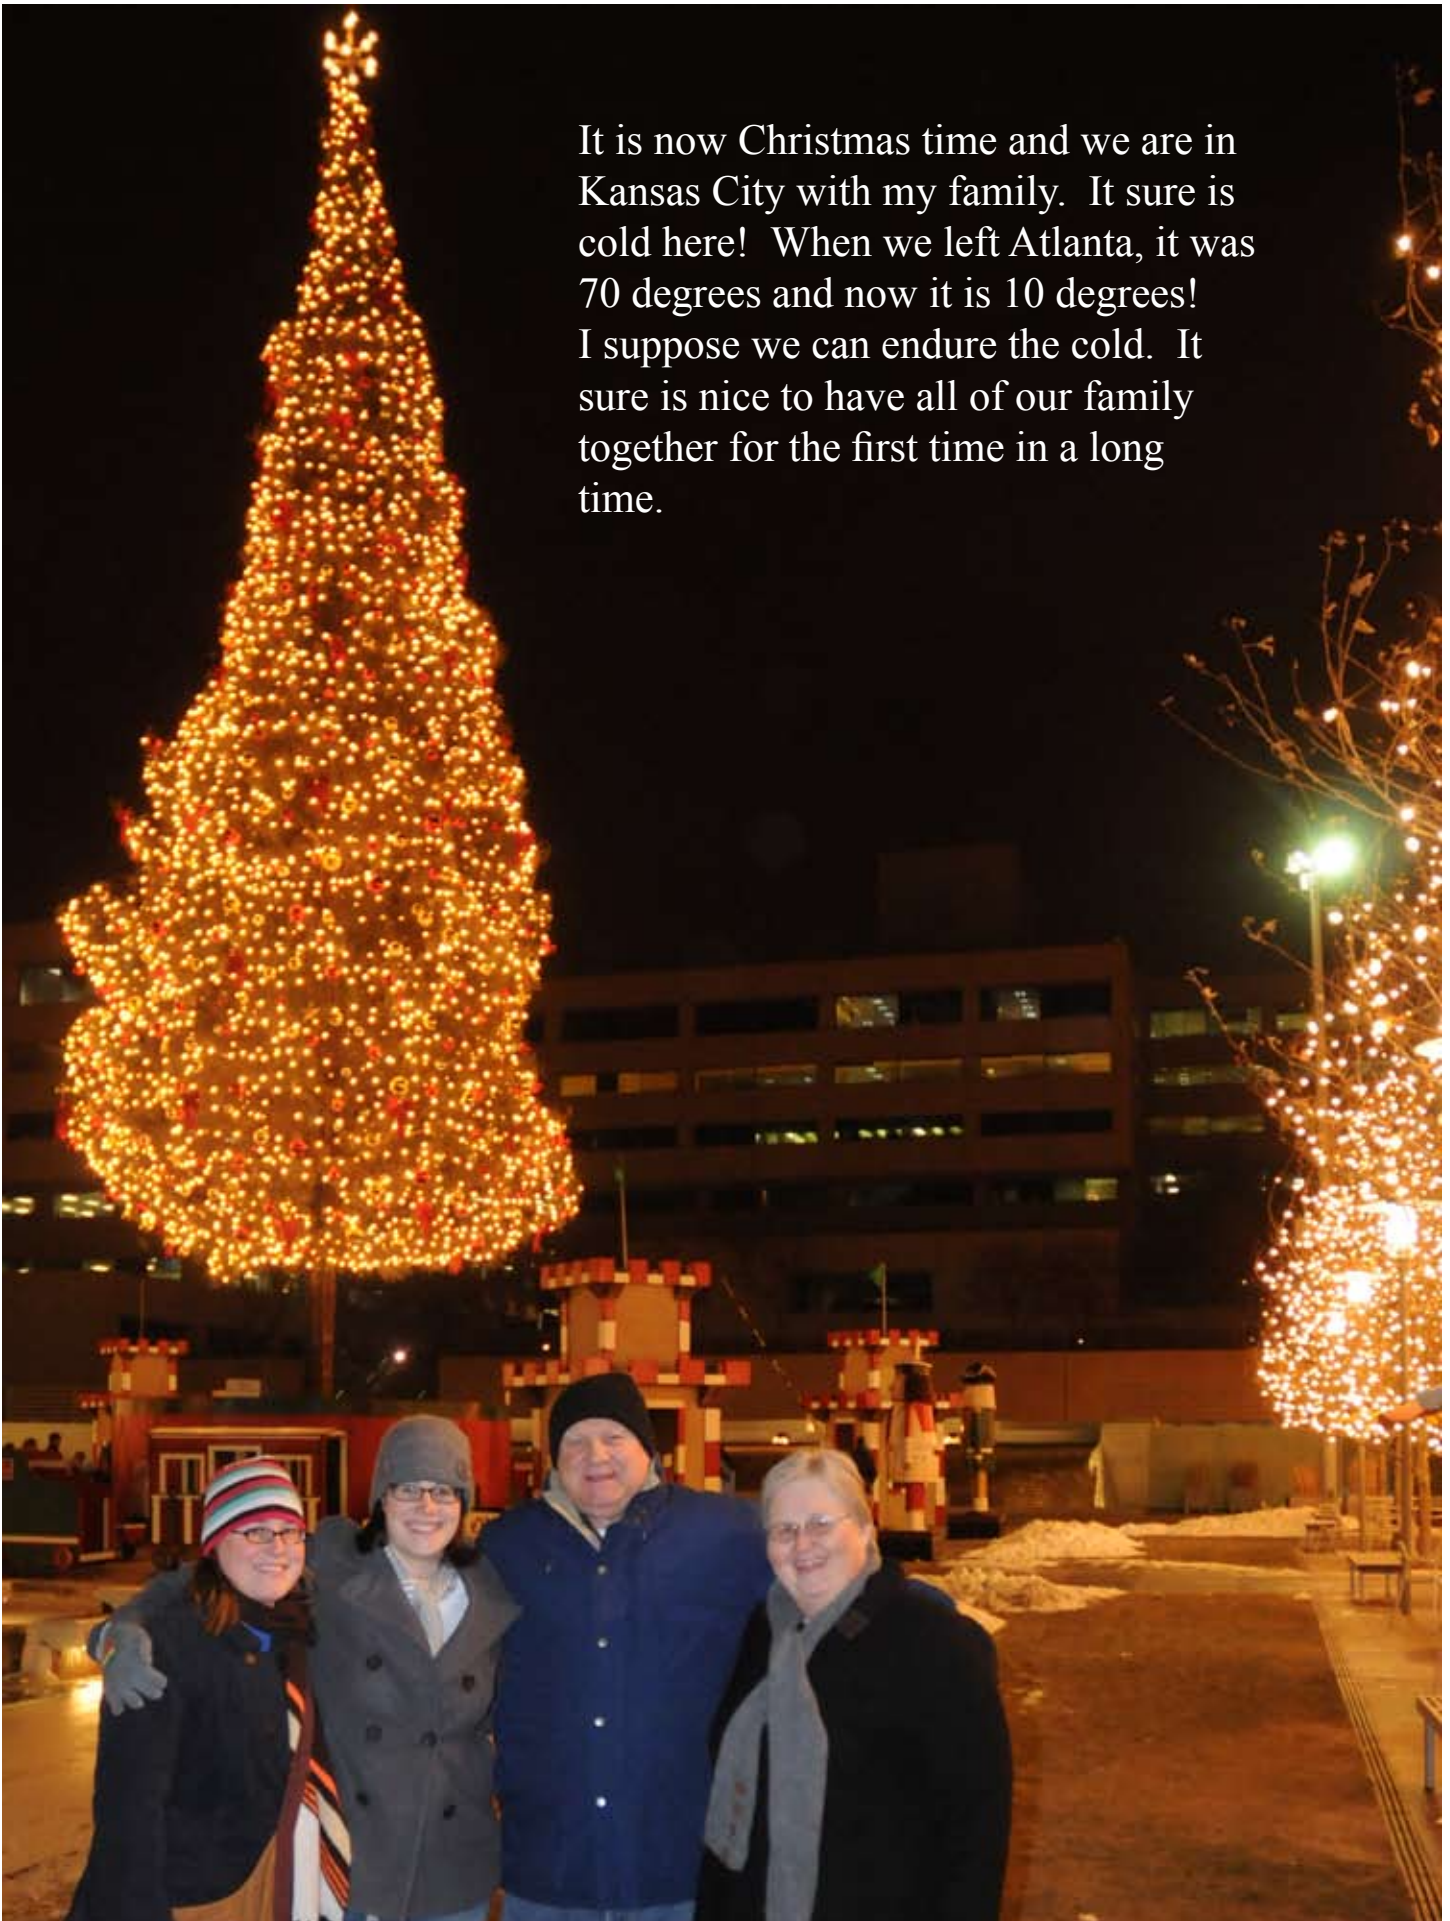

In August, we celebrated our one year anniversary! I can't believe it's been a year already! School is halfway over for me! Time has just flown by! Mike is continuing to enjoy his job at Cooper Lighting and is also spending his free time doing freelance and photography.

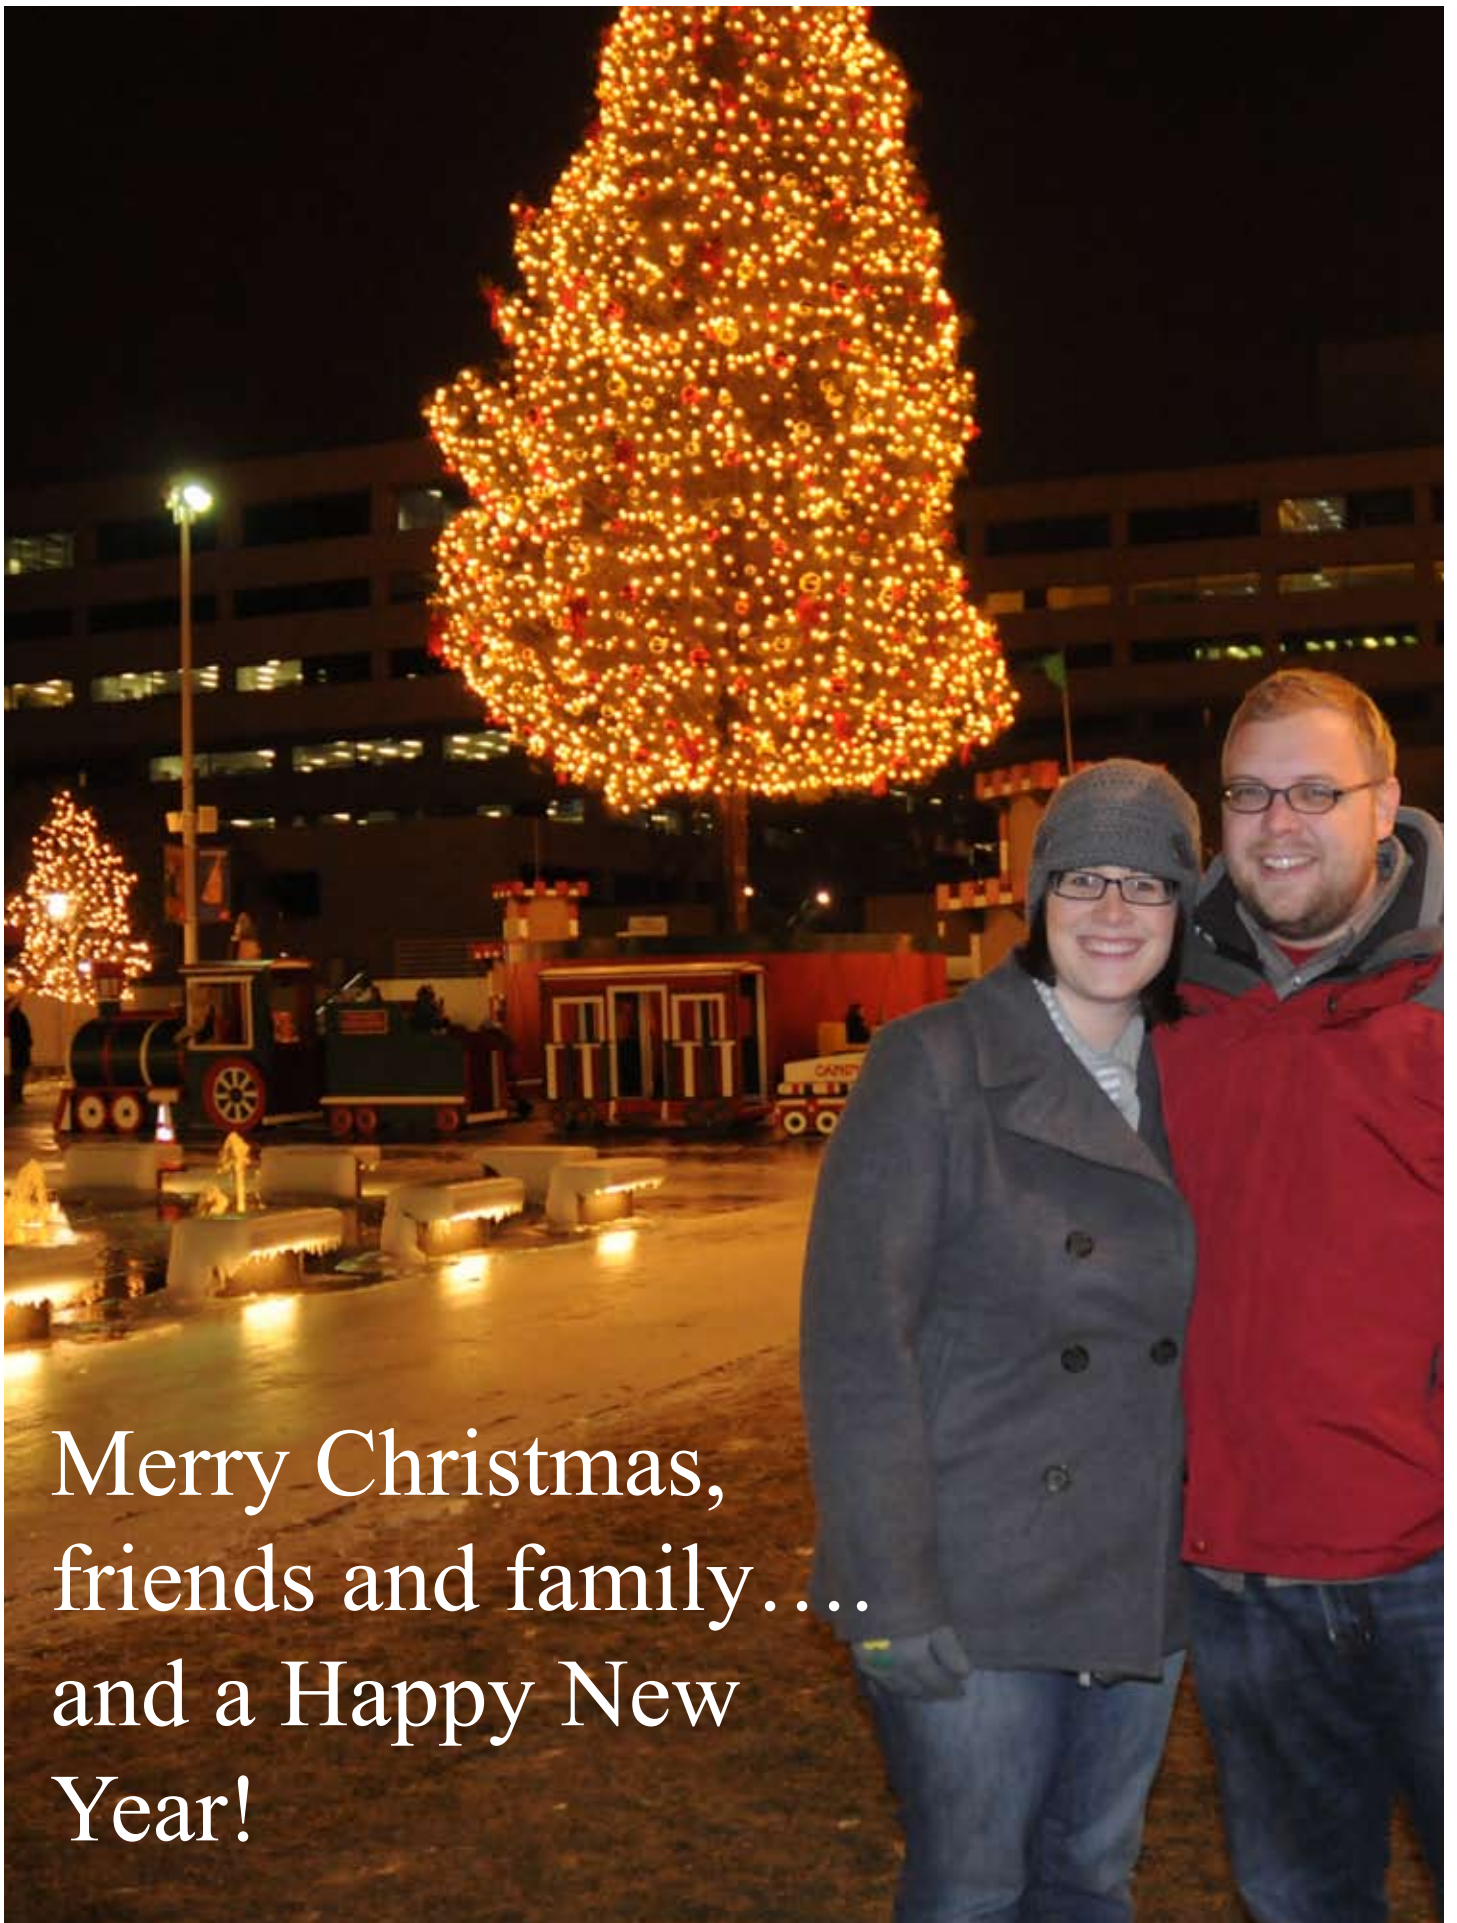

It is now Christmas time and we are in Kansas City with my family. It sure is cold here! When we left Atlanta, it was 70 degrees and now it is 10 degrees! I suppose we can endure the cold. It sure is nice to have all of our family together for the first time in a long time.

Merry Christmas,
friends and family....
and a Happy New
Year!
